

Dear you,

We would again like thank you for applying for the KaosPilots.

The KaosPilots are in a luxury position when we choose out or new students, but it is also very hard to select. The reason is that all people applying for the school are interesting and bright people with interesting profile for the school, and if we could we would offer a position to almost all the applicants.

Unfortunately you might not make it this year (since you are on the waiting list) , but maybe you have plans for applying again, or maybe you want to develop your skills at another place?

We as a school we would like to recommend you check out Brandbjerg Højskole:
<http://www.brandbjerg.dk/>

This school have courses that are related and similar to some of the education at the KaosPilots, see: http://www.brandbjerg.dk/Lange+kurser/id_og_projektudvikling.htm

We know that the level of their classes and methods are very good. We can't guarantee that attending at Brandbjerg will get you into the KaosPilots next time you are applying (if you want to do that), but we can guarantee that you will learn, grow and develop skills that will be useful in no matter what you do.

We wish you the very best.

Best regards
Jon Tangen
Teamleader
KaosPilot
